

aegex10 intrinsically safe tablet

Aegex Technologies provides intrinsically safe mobile devices for the world's most hazardous environments in oil & gas, chemical, mining, pharmaceutical, public safety, utilities and other markets where volatile atmospheres exist. Aegex intrinsically safe Windows 10 tablets bring real-time connectivity to all personnel in multiple zones of hazardous locations, helping them harness the power of their data to optimize efficiency, safety and productivity.

Aegex's 10.1-inch intrinsically safe Windows 10 tablets can be customized with enterprise-class applications and accessories for each team member of a hazardous industry operation. Aegex's unified platform makes operation-wide integration and collaboration simple, with an overarching Microsoft enterprise mobility solution that delivers IT uniformity, operational efficiency, organizational safety and information security. Aegex10 IS Tablets are the basis for a true Internet of Things for hazardous industries.

- **Purpose-Built Intrinsically Safe and Enterprise-Class:**
Aegex devices are certified UL913, C I, II, III D1, ATEX IECEx Zone 1 and IP65 for HazLoc use.
- **Windows-Embedded Universal Enterprise Platform:**
All Aegex devices run Windows OS on a single platform for operation-wide continuity.
- **Cloud-Based Data Sharing:**
Aegex solutions use 4G LTE for real-time collaboration.
- **Enterprise-Class Security with Intel Architecture:**
Aegex solutions rely on Intel McAfee Security suite for enterprise-wide protection.
- **Customizable Solutions for All Hazardous Zones and Jobs:**
Build your own solution for each team member with Aegex enterprise applications.
