

Honeywell® Batteries

HCH-9033 Cradle & Battery Charger

Maximize the Workplace Performance and Efficiency of the Symbol® MC9000 Series Mobile Computers.

The versatile 3 + 3 device cradle & spare battery charger for the Symbol® MC9000 Mobile Computers enhances efficiency. The HCH-9033 can hold and charge three MC9000 devices plus three spare batteries. Built on a flexible re-usable base - field upgradeable and re-configurable - it's the last charger you'll ever need.

Features:

- More efficiency in less space: Charges spare batteries plus the batteries in devices simultaneously and fast.
- Exclusive 'State-of-Health' features indicate when to replace batteries.*
- Upgradeable charging slots prevent obsolescence.
- Advanced "90 in 90" Technology - Charges most batteries to 90% full in 90 minutes.
- Dual LED indications of charging status, including error conditions, and battery health.
- Utilizes same baseplate mount as Symbol® chargers for wall mounting.
- UL/FCC/CE approved external power supply (100-240V AC, 50/60 Hz).

* When used with appropriate Honeywell® Batteries products, such as the HMC9000-Li.

Specifications:

Chemistry: Li-Ion, Li-Polymer

Temperature Limits:

Operating Range: 0°C to +35°C
Storage Range: -40°C to +85°C

Dimensions:

Width: 5.67 inches (144 mm)
Length: 16.5 inches (420 mm)
Height: 3.7 inches (94 mm) - without batteries or devices inserted.

* Specifications subject to change.
